Warning

- Prior to installing and using the device, carefully read the instructions for use and – in particular – the safety precautions, and comply with them. Store this manual for reference for the entire life-cycle of the device.
- Should this manual get damaged, or if certain sections are difficult to understand, prior to using the device contact the company at the address indicated on the last page.
- Any changes to the information provided in the instruction manual – if deemed important for the user's safety – shall be announced through the Ponte Giulio Internet website and notified to all authorised dealers.

Cleaning

- The device is not affected by the room's temperature, though it must not be installed in locations subject to temperatures below 39°F (4°C) or above 104°F (40°C).
- Do not install in saunas.

Warranty

Shower Curtain Rails: Lifetime
