Above printed colours have to be considered as a mere guide, for the real colours please ask Ponte Giulio the sample colour.  
The blue colour codes refer to the "acrylic stone", the star symbol refers to opal version.  
The green colour codes refer to the laminated execution.

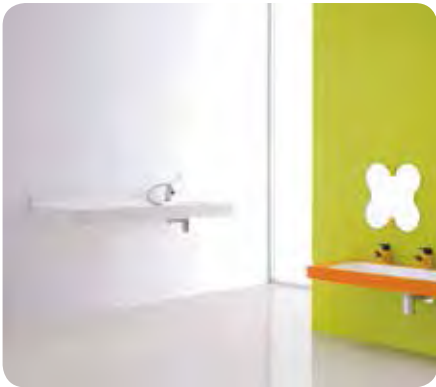

For more than 40 years Ponte Giulio has been concentrating its activity in the bathroom, both private and public, and may nowadays offer a wide range of products and solutions. During the years Ponte Giulio became a leader manufacturer of safe and elegant bathroom articles.

Today Ponte Giulio exports its products in the most important world Markets and is engaged to supply quality and reliable bathroom solutions, thanks to the relevant investments carried on for research and development and enabling a constant product improvement and new possible solutions for the coming years, which are an intrinsic peculiarity of the "Made in Italy".

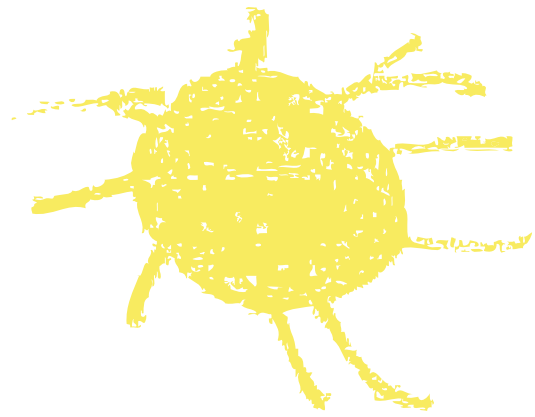

## Bagnocucciolo® Collection

Looking after a child is always a taft task requiring a lot of care and attention in every kind of environment. Growing up a child is a must in all cultures and the education of a future citizen is an important and constant engagement. The personal care is a focal point in every society all over the world. For this purpose Ponte Giulio has developed a programme to educate children to the use of the bathroom and to the personal care through nice and appealing products as in a game. These articles are customized for them in bright colours and characters recalling the jungle vegetation and animals combined with simple geometric shapes, which may tickle their immagination in a balanced way and the children typical creativity. Based upon this concept Ponte Giulio has created a furnishing system, which may combine the aesthetic need with the functionality and become the ideal solution for children schools, kindergarten as well for children areas in restaurants, pubs, service areas and malls.

## Installation of a bathroom for children

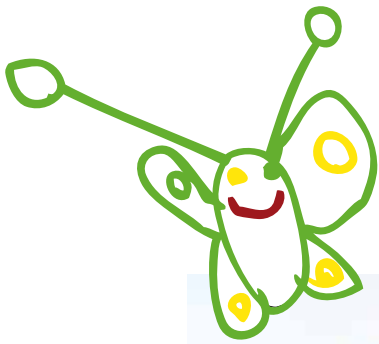

The study of a bathroom fit for children use, from 3 to 6 years old, is an important challenge for the Designer.

Unfortunately at the age from 6 to 10 children are addressed to use the adult bathroom, particularly in public areas such as malls and service areas. Furthermore the

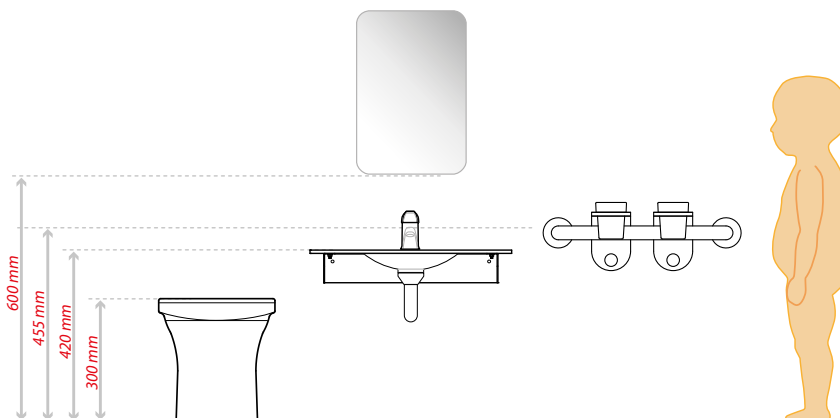

planning of children bathrooms is complicated by the different body structure of the child, which may be substantially different even at the same age.

The word childhood generally refers to children from 0 to 10 years old.

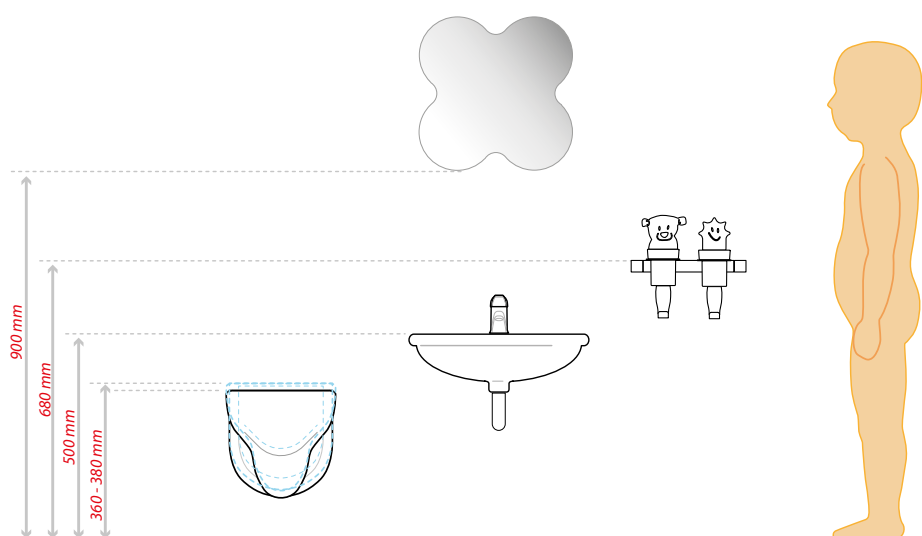

Ponte Giulio offers a range of products suitable for the second level of childhood, from 3 to 5 years, and for the first step of the third level of childhood, from 6 to 10 years.

Hereunder are indicated some sizes for the installation of sanitaryware and relevant accessories in the children bathrooms. Based upon the body structure differences between one age and the other, we have studied two kind of proposals, one for children up to 3 years and one up to 6 years old. These are only suggestions and can not be considered binding.

*Suggestion for bathroom installation for children up to 3 years old*

*Suggestion for bathroom installation for children up to 6 years old*

| Age | Girls cm | Boys cm |
|-----|----------|---------|
| 3   | 85-100   | 86-102  |
| 4   | 92-108   | 93-109  |
| 5   | 97-115   | 98-116  |
| 6   | 103-122  | 105-124 |

*The table shows the different heights of a child between 3 and 6 years.*

## Wash basin area

For the children wash basin area Ponte Giulio proposes a range of items in Vitreous-China, having a version with fire-glazed decoration recalling a funny bird named "Birdo". Besides the traditional single articles, a range of items for the playful approach of a group of children has been created: easy

shapes for wash basins and consoles in different sizes to adapt to the children structure and to allow a better reaching of the water mixer, having big bowls not too deep and suitable for helping children to become conscious of the water use and personal care needs. The implementation of the acrylic stone warrants all the hygienic advances and the material non-toxicity.

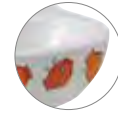

Code: B44CMS01

Series: Birdo®

Sizes [L x H x D] 455x350x185 [mm]

Weight 9.5 Kilos

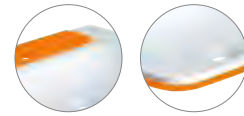

Cantilevered white Vitreous-China wash basin in reduced sizes, elegant and fit for every kind of furnishing, particularly suitable for children school installation. A version having front fire-glazed decoration is available (B44CMD02)

Code: B44CNM03 / B44CNM04

Series: Milk

Sizes [L x H x D] 550x420x89 [mm]

White acrylic stone rectangular console, also available in other colours on demand. This article can be customised on request as far as sizes and shapes. Half polished top finish, elegant and fit for every kind of furnishing, particularly suitable for children school installation. Versions foreseeing contrasting coloured top insertions (B44CNM06) or under top profile (B44CNM05) are available. The item is equipped with a white epoxy powder painted steel structure for wall fixing.

Code: B44CNM01

Series: Birdo®

Sizes [L x H x D] 1000x450x232 [mm]

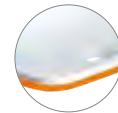

Acrylic stone rectangular console with shaped front side, "banana yellow" bowl and "orange red" body, other colour combinations available on demand. This article can be customised on request as far as sizes and shapes. Half polished top finish, elegant and fit for every kind of furnishing, particularly suitable for children school installation. The item is equipped with epoxy powder painted steel brackets for wall fixing.

Code: B44CNM07

Series: Milk

Sizes [L x H x D] 1200x420x89 [mm]

White acrylic stone rectangular console, also available in other colours on demand. This article can be customised on request as far as sizes and shapes. Half polished top finish, elegant and fit for every kind of furnishing, particularly suitable for children school installation. Versions foreseeing contrasting coloured top insertions or under top profile are available. The item is equipped with an epoxy powder painted steel structure for wall fixing.

Code: B44CNM14

Series: Milk

Double basin already prepared with holes for installation of 4 water mixers.

Sizes [L x H x D] 1600x420x80 [mm]

Weight 30 Kilos

Acrylic stone rectangular console, with white colour double basin and body in the following colours: "Pale Green", "Dark Lilac", "Bright Red", "Orange Red", "Banana Yellow" and "Green Yellow". This article can be customised on request as far as sizes and shapes. Half polished top finish, elegant and fit for every kind of furnishing, particularly suitable for children school installation.

The item is equipped with epoxy powder painted steel brackets for wall fixing.

Code: B44CNM13

Series: Milk

Single basin already prepared with holes for installation of 3 water mixers.

Sizes [L x H x D] 1200x420x80 [mm]

Weight 19 Kilos

Acrylic stone rectangular console, with white colour single basin and body in the following colours: "Pale Green", "Dark Lilac", "Bright Red", "Orange Red", "Banana Yellow" and "Green Yellow". This article can be customised on request as far as sizes and shapes. Half polished top finish, elegant and fit for every kind of furnishing, particularly suitable for children school installation.

The item is equipped with epoxy powder painted steel brackets for wall fixing.

Code: B44CNM12

Series: Birdo®

Sizes [L x H x D] 1800x420x220 [mm]

Weight 30 Kilos

Acrylic stone rectangular console, with double basin at different height, white colour basin top, side and front parts in the following colours: "Pale Green", "Dark Lilac", "Bright Red", "Orange Red", "Banana Yellow" and "Green Yellow". This article can be customised on request as far as sizes and shapes. Half polished top finish, elegant and fit for every kind of furnishing, particularly suitable for children school installation. The item is equipped with epoxy powder painted steel brackets for wall fixing.

Ponte Giulio proposes a wash basin top/baby changing unit in half-polished white acrylic stone, non-toxic and antimicrobial material warranting a complete hygienic coverage. The combination of a wide top and a shallow basin gives this baby changing unit a peculiar inprint. This article can be customised on request as far as sizes and shapes. The top has to be assembled on the wall in order to be connected to water supply and drain.

*The baby changing unit top is manufactured in three versions: hanging with wall fixing brackets (B46EDR01/B46EDL01), with supporting legs to the floor (B46EDR02/B46EDL02) and a freestanding structure, which can support the wash basin top without any extra anchorage devices (B46EDR03/B46EDL03).*

- B46EDR01 Wash basin top/baby changing unit
- F44ATS02 Shaped mirror
- H50GBS21 Multicoloured water mixer
- B44CNM13 Single basin console with three water mixers

## Shaped Mirror

Usually considered a furnishing article, an absolutely useful accessory in a bathroom, a mirror for a child may also have a role in education,

since this item which always constitutes a bond with personal identity, gives numerous inspiring ideas not only bound to the identity itself, but also to the "farfetched" and the "paradox"

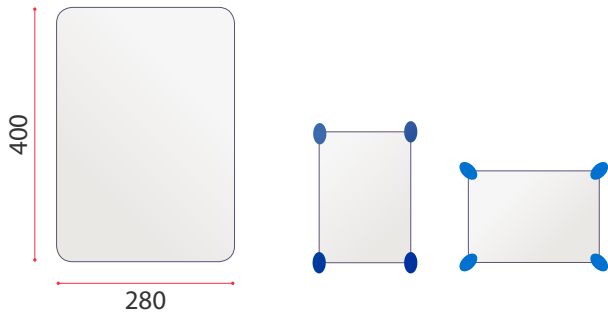

- F44ATS01 Rectangular mirror
- F44ATS02 Shaped mirror
- H50GBS21 Multicoloured water mixer
- B44CNM15 Double basin console at different height

F44ALS05 Cup holder module "Orso" (Bear)

## Cup holder modules "Jungle"

The cup holder modules have shapes recalling phytomorphic, zoomorphic or abstract figures. The choice of the word "Jungle" to identify these modules of the children Collection "BagnoCucciolo" is inspired by the famous novel of Rudyard Kipling "The Jungle Book".

Each module is composed by two elements, the hook and the figure, in epoxy powder painted steel, the cup is in polyamide-6.

The proposed figures are 5: "Orso" (Bear), "Scimmia" (Monkey), "Fiore" (Flower), "Foglia" (Leaf), "Stella" (Star) in the specific colours indicated in the colour card here at foot.

| Figure module | Code     | Basic colour  | Optional colour   |

F44JES13P7 Pink bar with cup holder modules and hooks  
F44JES03B7 Blue bar with cup holder modules and hooks

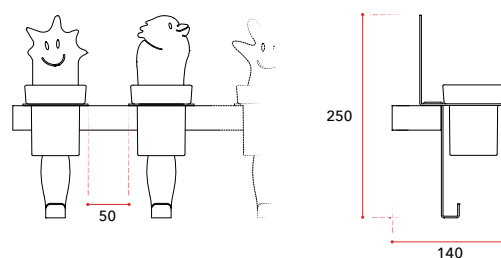

## Bar with cup holder modules "Jungle"

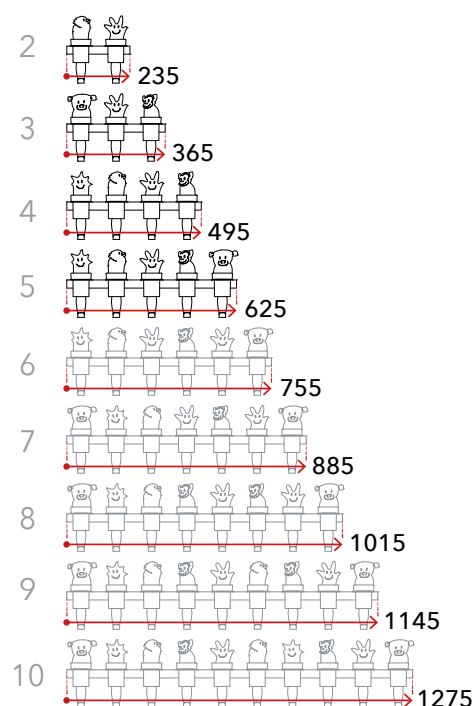

Bar with cup holder modules equipped with robe hooks.

The bar is composed by one straight bar and two corner shaped end parts in epoxy powder painted aluminum. The bar size is 30 x 20 mm and 40 mm wall distance. The cup holder modules have shapes recalling phytomorphic, zoomorphic or abstract figures. The choice of the word "Jungle" to identify these modules of the children Collection "BagnoCucciolo" is inspired by the famous novel of Rudyard Kipling "The Jungle Book". Each module is composed by two elements, the hook and the figure, in epoxy powder painted steel, the cup is in polyamide-6. The standard bars have presetted module combinations, on demand alternative combinations may be requested.

The fixing bar is available in two colours: B7 "Capri Blue" or P7 "Pink". Therefore when ordering please replace the prefix "xx" with the code of the selected colour.

Sizes in millimeters

The left above numbers identify the number of modules, the right ones the centre to centre distance in millimeters. The grey drawings identify the combinations available only on demand.

- F44JES03 Bar with cup holder modules and hooks
- F44JES13 Bar with cup holder modules and hooks
- F44ATS02 Shaped mirror
- H50GBS21 Multicoloured water mixer
- B40CNM14 Double basin console

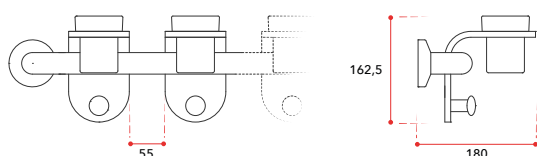

## Bar with cup holder modules "Arcobaleno"

Bar with cup holder modules equipped with robe hooks.

The bar is in galvanized steel coated with vinyl. The wall fixing kit is composed by steel flange, polyamide-6 counter-flange and polyamide-6 flange cover.

The cup holder modules with robe hooks, located at a distance of 80 mm one from the other, are in acrylic stone, the cups and hooks in polyamide-6.

The cup and hooks are available in the following colours proposed in presetted fix combination: B1 Blue, R1 Bright Red, G1 Pastel Green, P1 Pink, G1 Grassy, B2 Pastel Light Blue, Y3 Light Yellow, P4 Prune, W1 White, Y1 Yellow Sun.

Sizes in millimeters

The left above numbers identify the number of modules, the right ones the centre to centre distance in millimeters.

## Toilet area

Ponte Giulio offers nowadays one of the most complete and structured WC-bowl Collection for children from 3 up 6 years old: wall hanging and floor standing models in Vitreous-China.

Despite the fact that there are no official Norms regulating the children sanitaryware, Ponte Giulio has decided to conform to the UNI EN 997 Norms regulating the standard adult sanitaryware.

The smallest WC-bowl has an height of 260 mm and can be, in any case, installed on a standard drain system without any adjustment or other devices.

The biggest WC-bowl is an hanging unit of 540 mm depth. The choice of manufacturing these children sanitaryware in conformity of the existing adult Standard Norms, enables the installation on recessed units such as Geberit, already available on the Market.

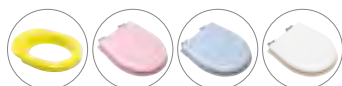

Code: B44CBS06

Series: Millepiedi

Sizes [L x H x D] 290x390x305 [mm]

Weight 7 Kilos

Floor standing WC-bowl for children use in white Vitreous-China, wall drain. Probably the smallest WC-bowl with standard drain existing on the Market. This item is foreseen for the installation of a yellow polyurethane cover.

Code: B44CBS01 Floor drain

B44CBS02 Wall drain

Series: Millepiedi

Sizes [L x H x D] 290x400x295 [mm]

Weight 11.2 Kilos

Floor standing WC-bowl for children use in white Vitreous-China, wall and floor drain, elegant and fit for every kind of furnishing, particularly suitable for children school installation.

This item is foreseen for the installation of a wooden seat cover in white or light blue or pink polyester finish. Alternatively a yellow polyurethane cover can be used. A version with front fire-glazed decoration is foreseen - B44CBS07/B44CBS08.

Code: B44CBD13 Floor drain

B44CBD14 wall drain

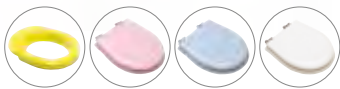

Series: Millepiedi

Sizes [L x H x D] 290x400x295 [mm]

Weight 12 Kilos

Floor standing WC-bowl for children use in white Vitreous-China, wall and floor drain, elegant and fit for every kind of furnishing, particularly suitable for children school installation.

This item is foreseen for the installation of a wooden seat cover in white or light blue or pink polyester finish. Alternatively a yellow polyurethane cover can be used. The bowl body has in front a Vitreous-China bear-like face and feet.

Code: B44CAS01

Series: Millepiedi

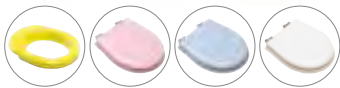

Sizes [L x H x D] 295x395x260 [mm]

Weight 8.1 Kilos

Hanging WC-bowl for children use in white Vitreous-China, elegant and fit for every kind of furnishing.

This item is foreseen for the installation of a wooden seat cover in white or light blue or pink polyester finish. Alternatively a yellow polyurethane cover can be used. A version with front fire-glazed decoration is foreseen - B44CAD02.

Code: B44CAS03

Series: Millepiedi

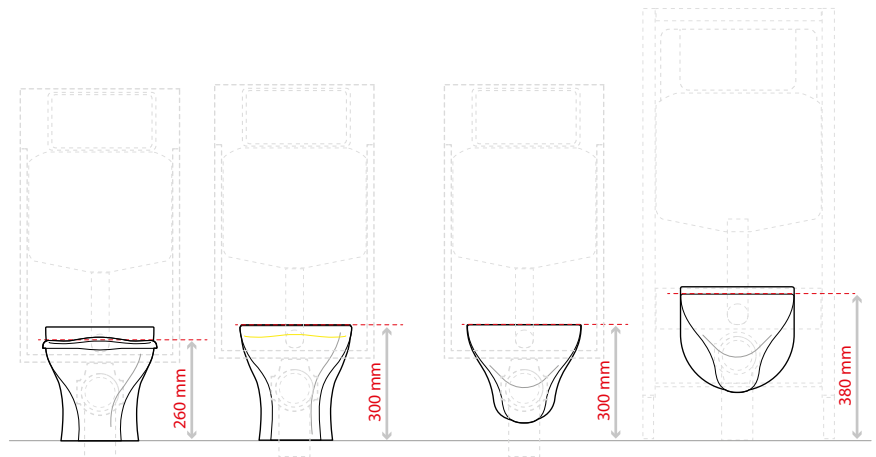

Sizes [L x H x D] 290x540x295 [mm]

Weight 9.5 Kilos

Hanging WC-bowl for children use in white Vitreous-China, extended body, elegant and fit for every kind of furnishing.

This item is foreseen for the installation of a wooden seat cover in white or light blue or pink polyester finish. Alternatively a yellow polyurethane cover can be used.

*The sizes in the diagram refer to the maximum installation heights for children sanitaryware. The WC-bowl can be installed on a Geberit wall unit such as "Combifix" or "Duofix".*

B44CAS03 Hanging WC-bowl

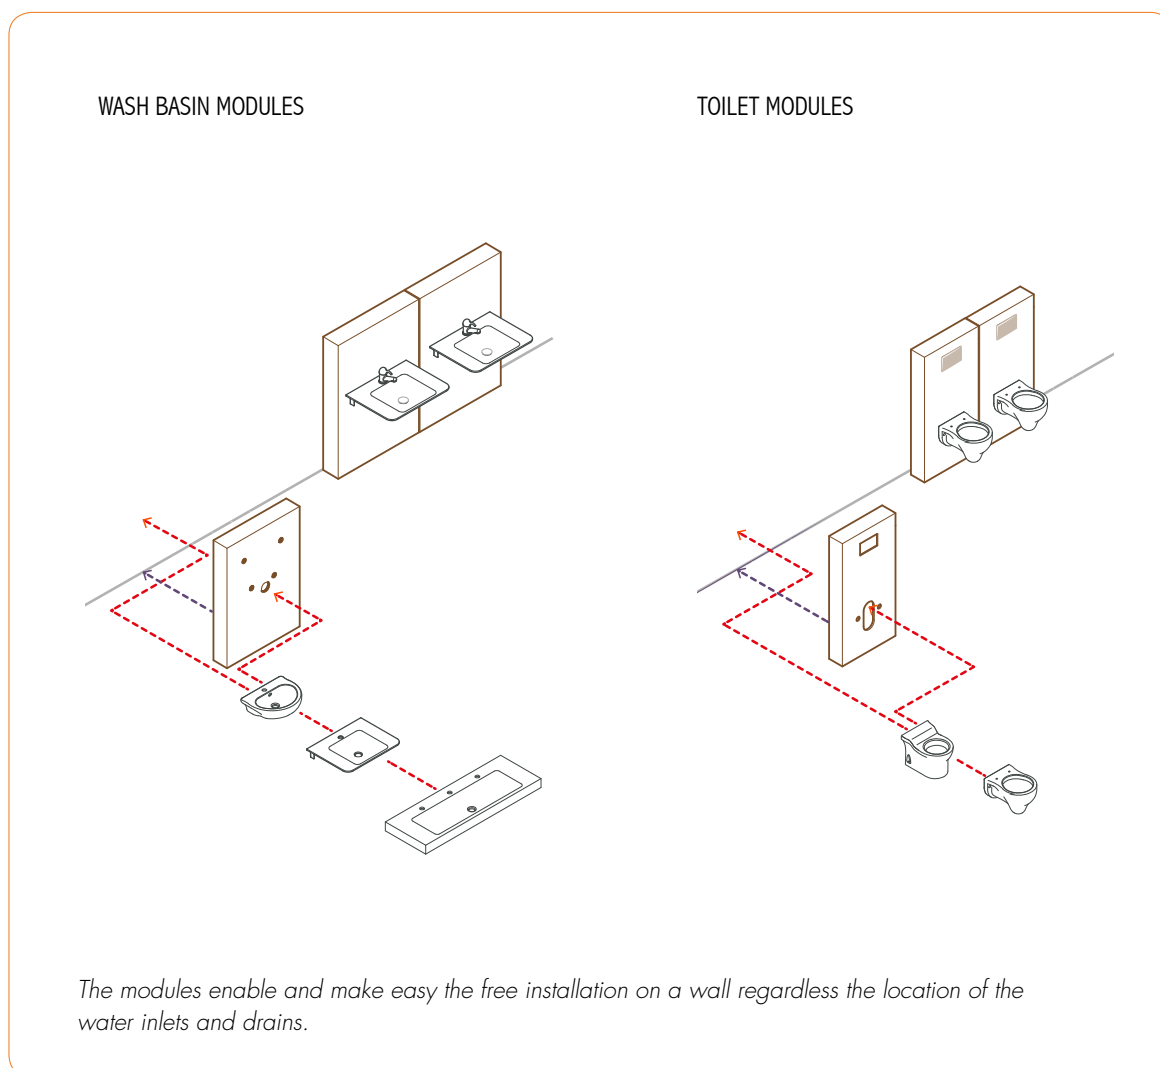

## Wash basin and WC-bowl supporting modules

These modules fit for wash basin and WC-bowl installation give some relevant advantages: an excellent solution for drain location, an easy access for repairing and maintenance.

Taking into account that children sometime may throw some objects in the drain, thanks to the use of these modules and foreseeing some

specific arrangements, the risk of obstruction may be avoided.

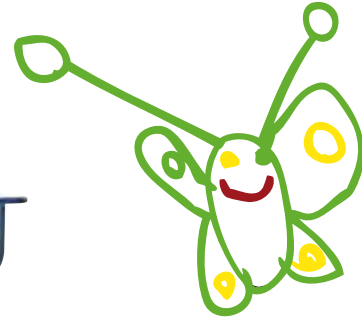

Last but not least the use of these modules allows the free installation of the sanitaryware keeping a centralised presetted location of drains without being obliged to execute any masonry.
