

PRO series

- a superior grab bar!

Why the PRO series is the best choice:

- The choice of architects, designers and professional installers!
- Available in **11 popular color options**
- Perfect for contrast or coordination.
- **Basics:** White, black, light gray, ivory, and biscuit.
- **Vibrants:** Blue, light blue, green, seafoam light green, red and yellow.
- A 2 mm thick galvanized zinc-plated steel pipe - for stability and durability - with a 3 mm thick vinyl coating.
- Reflects warmth back to users hand - feels warmer than a typical stainless steel grab bar.
- Permanent **anti-microbial protection.**
- **Non-slip**, even if hands are wet.
- **Exceeds ADA requirements.**
